Guidelines for using the synthetic fields in Reading

These guidelines have been put into place to aid the maintenance of the synthetic fields. Unlike grass fields some items are prohibited due to the nature of material of the synthetic field. Failure to abide by these guidelines may lead to loss of permit, immediate termination of event and/or applicable maintenance charges.

- No Food, Gum, or any other edible item on the field at any time.
- No juices, sodas or a sport drinks alike – Only water is allowed.
- No Pets Allowed.
- Only participants, coaches, administrators are allowed on the playing field – spectators should sit or stand in the designated bleacher areas.
- All trash should be picked up prior to leaving the field and should be carried out of the area and deposited in a receptacle.
- No standing on the track or grass area around the perimeter of either field. Spectators should remain in the stands or out side the containing fence.
- When entering the Stadium field, please enter via a provided carpet area placed near the south entrance. This will prevent cleats from damaging the track surface.
- Violation of any federal, state or local law is strictly prohibited.

*Please note that a maintenance charge of \$100 will be assessed to all uses that leave any trash on the field. If the problem persists, future permits will be revoked.
